Prescribing Physician:
Matthew E. Apel, MD
NPI: 151-8279819

Patient Instructions

1. When to get your lab tests done:

- **2 weeks** before your 6 month follow up appointment
- **2 weeks** before your annual follow up appointment

2. Diet, Medication, and Vitamin Supplements

- Fast for at least **12 hours** before your blood draw
- Take your regular medications with sips of water the day of your blood draw
- Drink at least 64 oz. of water the day before your blood draw
- Do not take your vitamin supplements during the **48 hours** before your blood draw

3. Additional Instructions

- If you do not know the location of your lab, call your insurance company for the location closest to you.
- Take this paper and your insurance card to the lab.
- Do not call the office for lab results. The results will be reviewed at your appointment.
- A copy of your lab results will be mailed to you.
- Allow **2 weeks** for processing of the lab results.
